PRODUCT OF THE MONTH

Biodroga Golden Caviar Eye Contour Fluid 15ml

A silky fluid that cools, refreshes and pampers the eye area. Stimulates skin metabolism and microcirculation in the entire eye area, reduces fine lines and wrinkles around the eyes and increases the skin's resistance in the eye area. Soothes minor swelling in the eye area and soothes irritation and redness in the delicate eye area. Particularly recommended for the sensitive eye area.

How to use: Apply to cleansed skin around the eye area morning and evening and pat in gently.

HEALTH TIP

Chia Seeds- Super Food

Originally grown in Mexico, the seeds are highly valued for your body due to their rich nutrients and benefits, which are:

Nutrition: rich in fiber, omega-3 fats, protein, essential fatty acids alpha-linolenic and linoleic acid, Vitamins A, B, E, D, and minerals Sulphur, iron, iodine, magnesium, manganese, niacin, thiamine, and anti-oxidants

Benefits: promoting healthy skin, reducing signs of aging, supporting the heart and digestive system, building stronger bones and muscles

To access their vitamins and minerals is to soak them to release "enzyme inhibitors" before adding them to various recipes such as smoothie.
